Breathing difficulty

Coughing

**4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

#### SECTION 5: Firefighting measures

- SECTION 5. Fireingniting measures
   5.1 Extinguishing media

   Suitable extinguishing agents CO2, sand, extinguishing powder. Do not use water.
   For safety reasons unsuitable extinguishing agents Water.

   5.2 Special hazards arising from the substance or mixture

   Can form explosive gas-air mixtures.
   Formation of toxic gases is possible during heating or in case of fire.
   Can be released in case of fire
   Carbon dioxide (CO2)
   Carbon monoxide (CO)
   phosphorus oxides (PxOy)
   Nitrogen oxides (NOx)
   5.3 Advice for firefighters
  - Protective equipment: Put on breathing apparatus. (EN 133)
  - Additional information

Cool endangered containers with water spray jet. Dispose of fire debris and contaminated fire fighting water in accordance with official regulations.

#### SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures Wear protective equipment. Keep unprotected persons away. Avoid contact with eyes and skin. Do not breathe vapor / mist / gas. Keep away from ignition sources Ensure adequate ventilation 6.2 Environmental precautions: Inform respective authorities in case product reaches water or sewage system. Keep dirty washing water for appropriate disposal. Prevent material from reaching sewage system, holes and cellars. · 6.3 Methods and material for containment and cleaning up: Absorb with liquid-binding material (diatomite, universal binders, for small amounts tissues). Do not flush with water or aqueous cleansing agents Send for recovery or disposal in suitable containers. 6.4 Reference to other sections See Section 13 for information on disposal. See Section 8 for information on personal protection equipment. See Section 7 for information on safe handling

#### SECTION 7: Handling and storage

• **7.1 Precautions for safe handling** Wear protective equipment. Keep unprotected persons away. Prevent formation of aerosols. Avoid contact with eyes and skin.
